Interest

Credit Interest is calculated daily on the cleared credit balance and is paid monthly if applicable (this is not paid on all accounts, eg, Basic Bank Account, HSBC Passport, Bank Account and HSBC Advance). Debit interest is calculated daily on the cleared debit balance of your account, it accrues during your charging cycle (usually monthly) and is deducted from your account following the end of your charging cycle.

The following references regarding debit cards only apply to personal customers, commercial customers please refer to your terms and conditions.

Your debit card

Using your card abroad

General: The exchange rate that applies to any foreign currency debit card payments (including cash withdrawals) is the wholesale market rate used by VISA applying on the day the conversion is made plus our foreign exchange charge, which is currently 2.75% of the applicable VISA wholesale rate. We will make the conversion and deduct the payment from your account once we receive details of the payment from VISA, at the latest the next working day. Details of the current wholesale market rates can be obtained by calling us on the usual telephone numbers.

Cash Machines: There is an ATM transaction fee currently 2% (minimum £1.75, maximum £5.00) for withdrawing cash at cash machines overseas. HSBC Advance and HSBC Premier MyAccount customers can make withdrawals at cash machines overseas free of ATM transaction fees from HSBC and will therefore not pay this fee. We will deduct the amount of the transaction fee from your account once we receive details of the payment from VISA at the latest the next working day. Some cash machine operators may apply a direct charge for withdrawals from their cash machines and this will be advised on screen at the time of withdrawal.

Shops and retailers: There is no transaction fee for using your debit card to pay for goods and services overseas.
